INTRODUCTION

With a passion for web development and design, I focus my energy on creating digital experiences that harmoniously combine creativity and practicality. Throughout my academic path, my goal is to transform into a versatile Full Stack Developer and later move into project management.

PROJECTS

2024 A website for CIPHERS, the coding club started by us in our college.

2023 I've developed a variety of mini-projects, from a Netflix landing page clone and a calculator web app to a weather web app and a tic-tac-toe game. Feel free to explore them on my portfolio website linked above.
